- This office is one of the largest assets for this school. The work you all do is invaluable and I truly thank you for all your help. I don't see how you could do any more. Great work! I've received resume advice, attended networking events, salary negotiation advice, and other advice during the job search. I gained three internships via the Mailman job board, and conducted at least 15 informational interviews via the alumni networking site. And I got my job with Booz Allen from the career fair.- SMS MPH

- In my own experience and by rave reviews from others, I just want to say that we students greatly appreciate all the work you do at OCS! Although I didn't attend as many OCS events as I should have, simply receiving the email blasts helped encourage me to stay on top of my plans for next year. Your help has made that process much less stressful! And I admire all of your cheerful nature in doing so. Thank you!—SMS
