Cancer Expert Now

Sophie Banspach

Junior Brand Manager

MSPH Department: PopFam

Cancer Expert Now strives to close the gap in cancer care around the world by making leaders in oncology easily accessible to oncologists, pharmaceutical executives, and patients and their loved-ones through a real-time, on-demand messaging platform. The quick adaptation of the latest data and treatment evidence into practice is one of the most important factors in successful outcomes.

FOOTE, CONE & BELDING

Mosaic Group, FCB Health

Jinyu Lu

Account Executive

MSPH Department: HPM

FCB Health is a major, multi-award winning healthcare and pharmaceutical advertising agency. They provide their clients with multichannel capabilities, including payer strategy and marketing, professional education, video production, strategic planning, and media services. Mosaic Group is a full-service healthcare communications agency that specializes in helping brands achieve market access and reimbursement objectives.

Health Communication Certificate

Class of 2021

Natalie Astor

Health Communication
Specialist

MSPH Department: SMS

Center for Disease Control & Prevention

CDC is one of the major operating components of the Department of Health and Human Services. CDC works 24/7 to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.

Foundation for the National Institutes of Health

Alex Levine

Digital Associate

MSPH Department: SMS

The Foundation for the National Institutes of Health creates and leads alliances and public-private partnerships that advance breakthrough biomedical discoveries and improve the quality of people's lives. The Foundation, also known as the FNIH, works with its partners to accelerate biomedical research and strategies to fight against diseases in the United States and across the world. The FNIH organizes and administers research programs; supports education and training of new researchers; organizes educational events and symposia; and administers a series of funds supporting a wide range of health challenges.

Association of State and Territorial Health Officials

Emma Talkington
Analyst, Environmental Health

MSPH Department: HPM

ASTHO is the national nonprofit organization representing public health agencies in the United States, the U.S. Territories, and the District of Columbia, and over 100,000 public health professionals these agencies employ. ASTHO members, the chief health officials of these jurisdictions, formulate and influence sound public health policy and ensure excellence in state-based public health practice. ASTHO's primary function is to track, evaluate, and advise members on the impact and formation of public or private health policy which may affect them and to provide them with guidance and technical assistance on improving the nation's health.

Syneos Health

Lee Sandler
Corporate Communications

MSPH Department: HPM

Syneos Health is an end-to-end, fully integrated biopharmaceutical solutions company. At Syneos Health, all the disciplines involved in bringing new therapies to market, from clinical to commercial, work together to create customer success. Syneos Health established the "Trusted Process" more than a decade ago as a disciplined methodology for planning, problem solving and execution. It acts as the enterprise-wide framework for delivery excellence. The Trusted Process is repeatable, predictable, highly reliable and has been proven to meet critical development milestones faster than the industry average.
