Clinical Directors Network

Clinical Directors Network, Inc. (CDN) is a not-for-profit clinician membership organization, practice-based research network (PBRN), and clinician training organization, founded to provide peer-initiated activities for clinicians practicing in low income, minority, and other underserved communities. CDN's overall goal is to translate clinical research into clinical practice for the enhancement of health equity and improvement of public health. CDN is the oldest and largest PBRN devoted to dedicated to providing and improving comprehensive and accessible community-oriented primary and preventive health care services for poor, minority, and underserved populations. CDN operates as a private, not-for-profit corporation, by and for an extensive network of current and future Health Center Clinical Leaders. CDN conducts project based research and educational activities in partnership with government, academic, not-for-profit, and for profit organizations.

American Geriatrics Society

The American Geriatrics Society (AGS) is a nationwide, not-for-profit society of geriatrics healthcare professionals dedicated to improving the health, independence, and quality of life of older people. Their 6,000+ members include geriatricians, geriatrics nurse practitioners, social workers, family practitioners, physician assistants, pharmacists, and internists who are pioneers in advanced-illness care for older individuals, with a focus on championing interprofessional teams, eliciting personal care goals, and treating older people as whole persons.

MSPH Department: SMS

Resources for Human Development

Since 1970, Resources for Human Development has provided a wide range of human services for the most vulnerable members of our society. People with developmental disabilities, people with mental health challenges, people in addiction recovery, children and families, and people experiencing homelessness have all benefited from the compassionate care and support provided through RHD programs. RHD's mission is to provide caring, effective, and innovative services that empower people of all abilities as they work to achieve the highest level of independence possible and build better lives for themselves, their families and their communities.

Saif Hasan

Field Representative

MSPH Department: SMS

Monmouth County Health Department

The Monmouth County Health Department works to empower county residents to achieve optimum health by providing public health services. Saif conducts various inspections, investigations, and surveys pertaining to the control and reporting of communicable and venereal diseases, and supports the response to COVID-19 exposures and outbreaks in Monmouth County.

Health Promotion Certificate

Class of 2020

Alexis Smith
Project Assistant
MSPH Department: SMS

Equal Justice Initiative

EJI is a nonprofit organization that provides legal representation to people who have been illegally convicted, unfairly sentenced, or abused in state jails and prisons. They challenge the death penalty and excessive punishment and provide re-entry assistance to formerly incarcerated people. EJI works with communities that have been marginalized by poverty and discouraged by unequal treatment. They are committed to changing the narrative about race in America. EJI produces groundbreaking reports, an award-winning wall calendar, and short films that explore the nation's history of racial injustice. They recently launched an ambitious national effort to create new spaces, markers, and memorials that address the legacy of slavery, lynching, and racial segregation, which shapes many issues today.

Norma Gonzalez
Public Health Advisor
MSPH Department: SMS

NYC Health and Hospitals

NYC Health + Hospitals is the largest public health care system in the United States. They provide essential inpatient, outpatient, and home-based services to more than one million New Yorkers every year in more than 70 locations across the city's five boroughs. Their hospitals have earned numerous special designations for quality and culturally responsive care including LGBTQ Healthcare Equity Leader, Baby Friendly, Safe Sleep, and top ranks by U.S. News and World Report. Norma is passionate about improving health equity and education equity for underserved populations. Her ultimate goal is to help improve the disparities within the U.S. health and education systems, helping communities grow, play, learn, and flourish.
